

Worksheet

Directions: Read each sentence below. Follow the directions.

1. Draw a large acute triangle to only cover half the oval. The triangle should point upwards.
2. Draw two smaller acute angle triangles around the tip of the first triangle. These should point upwards as well.
3. Draw another acute triangle, facing downwards in the middle of the large triangle.
4. Draw two half circles outwards from the point of the triangle in the middle.
Can you guess what you are drawing?
5. Draw two small oval eyes above the triangle in the middle.
6. Draw two small balls for feet at the bottom of the large oval.
7. You can add whiskers and shape the feet.
8. Name your pet.
