

MULTIPLICATION FACTS 2

Two as a factor are equivalent to the addition doubles.

Remember:

$6 + 6 = 12 \mid 6 \times 2 = 12$

Similar if we use 5 as a factor.

Example: $6 + 6 + 6 + 6 + 6 = 6 \times 5 = 30$

Finally do not mix up $6 + 0 = 6$ and $6 \times 0 = 0$

1. QUESTION

Complete the chart below.

	0	1	2	3	4	5
x 0						
x 1	0					
	6	7	8	9	10	11
x 0						
x 1						

2. QUESTION

Complete the chart below.

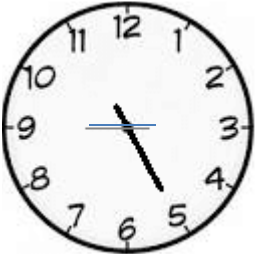

NUMBER	ADDITION	NUMBER $\times 2$
0	$0 + 0 =$	$0 \times 2 =$
1	$1 + 1 =$	$1 \times 2 =$
2	$2 + 2 =$	$2 \times 2 =$
