

MULTIPLYING 2

STEP 1

Line the numbers up on the right.

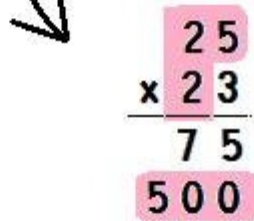

Start from the right, and multiply the ones first; then the tens.

$$\begin{array}{r} 25 \\ \times 23 \\ \hline 75 \end{array}$$

STEP 2

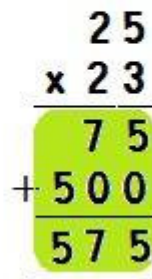

Continue on the left.

Insert a 0 in the ones and multiply from the right.

$$\begin{array}{r} 25 \\ \times 23 \\ \hline 75 \\ 500 \end{array}$$

STEP 3

Add the two products. Regroup where necessary.

$$\begin{array}{r} 25 \\ \times 23 \\ \hline 75 \\ + 500 \\ \hline 575 \end{array}$$

Note: 'R' stands for "regroup" and 'T' stands for "total".

Find the product of

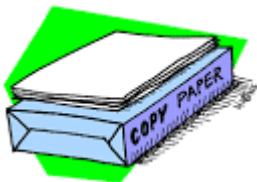

A) 46 and 52.

ANSWER = _____

b) 320×43

ANSWER = _____

c) Each package of paper contains a ream, or 500 sheets, of paper. How many sheets does 14 reams contain?

ANSWER = _____
