

NAME: _____

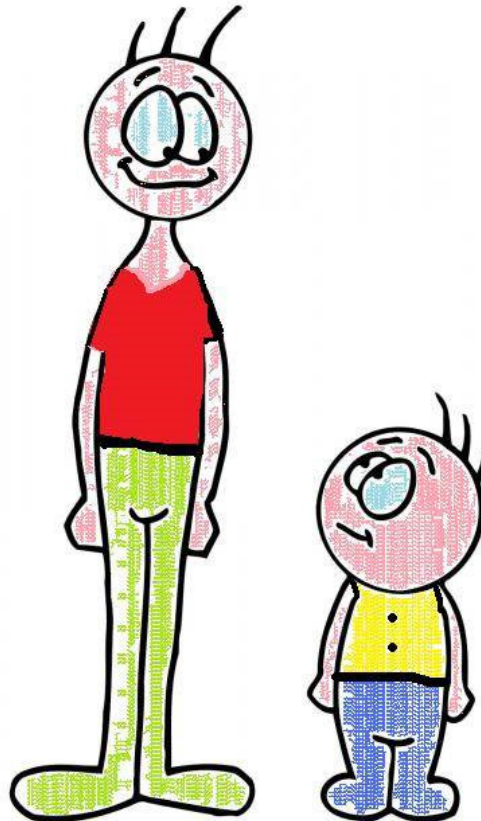

NUMBER WORKSHEET

NUMBER ACTIVITY: ORDERING NUMBERS FROM 1 TO 10

You can tell which object is longer or shorter by placing the objects side by side. However, you will need to measure their lengths.

Look at the picture below.

1. Who is taller? Who is shorter?

Joe and Jim

2. If Joe is 6 feet tall and Jim is 3 feet tall. How much less in feet is Jim to Joe? How much more in feet is Joe to Jim?
